

Figure 1

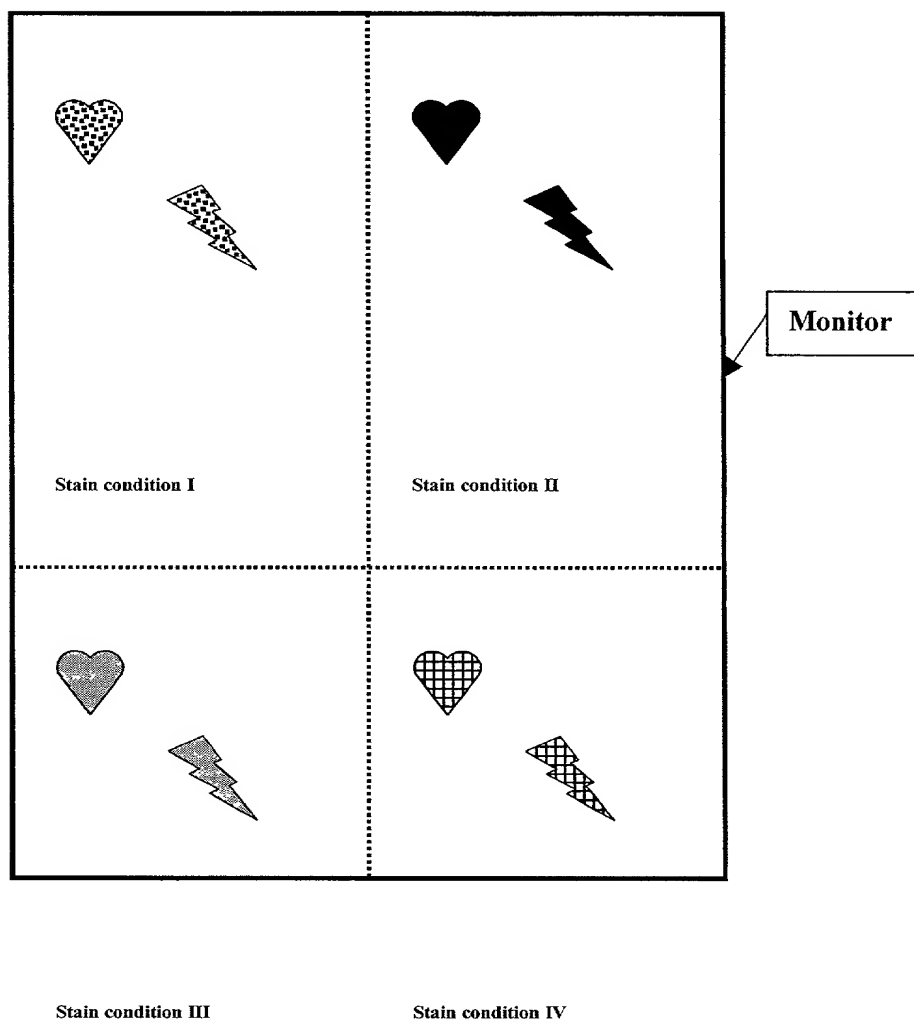

Table 1. (continued)	
Variable	Value
Age (years)	18-24
Gender	Male
Marital status	Married
Education	High school
Occupation	Unemployed
Income (USD)	1000-1500
Health status	Good
Smoking status	Non-smoker
Alcohol consumption	Occasional
Exercise frequency	Weekly
Stress level	Low
Social support	Strong
Family size	2-3
Religious beliefs	Religious
Community involvement	Active
Health insurance	Yes
Access to healthcare	Easy
Healthcare utilization	Regular
Healthcare satisfaction	High
Healthcare accessibility	Good
Healthcare quality	High
Healthcare safety	High
Healthcare effectiveness	High
Healthcare efficiency	High
Healthcare equity	High
Healthcare transparency	High
Healthcare accountability	High
Healthcare responsiveness	High
Healthcare patient-centeredness	High
Healthcare team-based care	High
Healthcare continuous improvement	High
Healthcare innovation	High
Healthcare research and development	High
Healthcare education and training	High
Healthcare leadership and governance	High
Healthcare communication and engagement	High
Healthcare data and analytics	High
Healthcare technology and digital health	High
Healthcare sustainability and resilience	High
Healthcare ethics and legal issues	High
Healthcare policy and regulation	High
Healthcare financing and economics	High
Healthcare global health and international relations	High
Healthcare public health and population science	High
Healthcare clinical research and evidence-based practice	High
Healthcare patient safety and quality improvement	High
Healthcare patient experience and satisfaction	High
Healthcare patient engagement and empowerment	High
Healthcare patient education and health literacy	High
Healthcare patient advocacy and activism	High
Healthcare patient self-management and health behavior change	High
Healthcare patient decision-making and shared decision-making	High
Healthcare patient participation and community involvement	High
Healthcare patient feedback and evaluation	High
Healthcare patient research and innovation	High
Healthcare patient leadership and governance	High
Healthcare patient communication and engagement	High
Healthcare patient data and analytics	High
Healthcare patient technology and digital health	High
Healthcare patient sustainability and resilience	High
Healthcare patient ethics and legal issues	High
Healthcare patient policy and regulation	High
Healthcare patient financing and economics	High
Healthcare patient global health and international relations	High
Healthcare patient public health and population science	High
Healthcare patient clinical research and evidence-based practice	High
Healthcare patient patient safety and quality improvement	High
Healthcare patient patient experience and satisfaction	High
Healthcare patient patient engagement and empowerment	High
Healthcare patient patient education and health literacy	High
Healthcare patient patient advocacy and activism	High
Healthcare patient patient self-management and health behavior change	High
Healthcare patient patient decision-making and shared decision-making	High
Healthcare patient patient participation and community involvement	High
Healthcare patient patient feedback and evaluation	High
Healthcare patient patient research and innovation	High
Healthcare patient patient leadership and governance	High
Healthcare patient patient communication and engagement	High
Healthcare patient patient data and analytics	High
Healthcare patient patient technology and digital health	High
Healthcare patient patient sustainability and resilience	High
Healthcare patient patient ethics and legal issues	High
Healthcare patient patient policy and regulation	High
Healthcare patient patient financing and economics	High
Healthcare patient patient global health and international relations	High
Healthcare patient patient public health and population science	High
Healthcare patient patient clinical research and evidence-based practice	High
Healthcare patient patient patient safety and quality improvement	High
Healthcare patient patient patient experience and satisfaction	High
Healthcare patient patient patient engagement and empowerment	High
Healthcare patient patient patient education and health literacy	High
Healthcare patient patient patient advocacy and activism	High
Healthcare patient patient patient self-management and health behavior change	High
Healthcare patient patient patient decision-making and shared decision-making	High
Healthcare patient patient patient participation and community involvement	High
Healthcare patient patient patient feedback and evaluation	High
Healthcare patient patient patient research and innovation	High
Healthcare patient patient patient leadership and governance	High
Healthcare patient patient patient communication and engagement	High
Healthcare patient patient patient data and analytics	High
Healthcare patient patient patient technology and digital health	High
Healthcare patient patient patient sustainability and resilience	High
Healthcare patient patient patient ethics and legal issues	High
Healthcare patient patient patient policy and regulation	High
Healthcare patient patient patient financing and economics	High
Healthcare patient patient patient global health and international relations	High
Healthcare patient patient patient public health and population science	High
Healthcare patient patient patient clinical research and evidence-based practice	High
Healthcare patient patient patient patient safety and quality improvement	High
Healthcare patient patient patient patient experience and satisfaction	High
Healthcare patient patient patient patient engagement and empowerment	High
Healthcare patient patient patient patient education and health literacy	High
Healthcare patient patient patient patient advocacy and activism	High
Healthcare patient patient patient patient self-management and health behavior change	High
Healthcare patient patient patient patient decision-making and shared decision-making	High
Healthcare patient patient patient patient participation and community involvement	High
Healthcare patient patient patient patient feedback and evaluation	High
Healthcare patient patient patient patient research and innovation	High
Healthcare patient patient patient patient leadership and governance	High
Healthcare patient patient patient patient communication and engagement	High
Healthcare patient patient patient patient data and analytics	High
Healthcare patient patient patient patient technology and digital health	High
Healthcare patient patient patient patient sustainability and resilience	High
Healthcare patient patient patient patient ethics and legal issues	High
Healthcare patient patient patient patient policy and regulation	High
Healthcare patient patient patient patient financing and economics	High
Healthcare patient patient patient patient global health and international relations	High
Healthcare patient patient patient patient public health and population science	High
Healthcare patient patient patient patient clinical research and evidence-based practice	High
Healthcare patient patient patient patient patient safety and quality improvement	High
Healthcare patient patient patient patient patient experience and satisfaction	High
Healthcare patient patient patient patient patient engagement and empowerment	High
Healthcare patient patient patient patient patient education and health literacy	High
Healthcare patient patient patient patient patient advocacy and activism	High
Healthcare patient patient patient patient patient self-management and health behavior change	High
Healthcare patient patient patient patient patient decision-making and shared decision-making	High
Healthcare patient patient patient patient patient participation and community involvement	High
Healthcare patient patient patient patient patient feedback and evaluation	High
Healthcare patient patient patient patient patient research and innovation	High
Healthcare patient patient patient patient patient leadership and governance	High
Healthcare patient patient patient patient patient communication and engagement	High
Healthcare patient patient patient patient patient data and analytics	High
Healthcare patient patient patient patient patient technology and digital health	High
Healthcare patient patient patient patient patient sustainability and resilience	High
Healthcare patient patient patient patient patient ethics and legal issues	High
Healthcare patient patient patient patient patient policy and regulation	High
Healthcare patient patient patient patient patient financing and economics	High
Healthcare patient patient patient patient patient global health and international relations
